BANDITS ATTACKED JIMINEZ.

Several Persons Killed in Battle at a Mexican Town.

Monterey, Mex., Sept. 28.—That trouble has occurred in the town of Jiminez is acknowledged by the authorities, but they are very reticent and refuse to state the cause of the disturbance. A body of troops was sent from Monterey for the purpose of quelling the disturbance in the town named and a body of 200 cavalrymen from Saltillo were taken by special train to Monterey, reaching here at an early hour Thursday morning and after an hour's delay proceeded en route to Jiminez. The official version is that a gang of bandits and smugglers made an attack on the town and in the battle which followed several persons were killed.

The stories of an incipient revolution are denied, the trouble being nothing more than an attack by bandits for the purpose of loot. Later reports say that everything is now quiet.

Harry Mitchell's Editorial

When Minneapolis' Finest Tailor sends you samples of all the latest fabrics and his self-measurement blank, guaranteeing perfect fit and satisfaction and offers to make a suit or overcoat for \$15, \$20, and \$25, that any other tailor would charge you \$30, \$35, and \$40 for, don't you think it's time to write him and order your Fall Garment? I am making more clothes for out-of-town men than any other tailor in America. I prepay all Express charges (so your clothes cost you no more than the city man's), and if everything is not perfectly satisfactory I refund your money.

HARRY MITCHELL, 310 Nicollet Ave., MINNEAPOLIS.

DECIDE TO REJECT IT

MODERATES WILL NOT ACCEPT
THE RESIGNATION OF PRES-
IDENT PALMA.

TAFT FOR GOVERNOR OF CUBA

AMERICAN SECRETARY OF WAR
MAY TAKE CHARGE OF CUBAN
GOVERNMENT.

Havana, Sept. 28.—The Moderate party Thursday night decided to make a final effort to perpetuate the authority of the Palma administration by determining to reject the resignation of the president when presented to congress. When this decision was reached Secretary of War Taft and Assistant Secretary of State Bacon, the American commissioners, had already concluded to intervene, but they agreed to await developments, as they are anxious to afford the Cubans every opportunity to work out their own salvation.

President Palma steadfastly refuses every solicitation of his friends to withdraw his resignation. Typical of this was the cablegram he sent to President Roosevelt in response to the final urgent message from the American president that he remain at the helm. In this President Palma expressed his warmest appreciation of President Roosevelt's efforts to secure peace for Cuba and the friendship he has always shown the Cuban people. He referred to his own previous sacrifices for Cuba, which he said had not been made in vain, but in the present situation and in view of all that had transpired he felt that further sacrifice on his part would be useless and that it was not consistent with his dignity and prestige to remain in office.

Were it possible to induce President Palma to withdraw his resignation the situation still would be most difficult, and intervention would continue to be the most probable outcome. If Palma's resignation were accepted it would then become necessary for congress to elect a provisional president.

Would Only Cause More Trouble.

Such an election would be a new sort of contention not only between the opposing political parties but probably between the opposing factions within these parties. The American commissioners will not brook the establishment of a provisional government by the Cubans simply as a means of gaining time. They hold that if a provisional government is created it must be by the United States. Secretaries Taft and Bacon would not be properly discharging their full duties, if such a government were created in any other manner.

The American commissioners have little confidence in the consistency of the politicians, who have been vacillating and insincere throughout these nine days of futile negotiations.

This being the situation, nobody is inclined to doubt that within twenty-four hours Secretary Taft, by authority of the president of the United States, will proclaim himself provisional governor of Cuba. Such a government, however, would be made Cuban as far as it was possible so to do by continuing the various departments under the immediate control of the present heads thereof.

Immediate developments in the situation depend on the action taken by congress. It is not likely that the Liberals will attend the session, but the Moderates and the Liberal Nationalists combined expect to secure a quorum. The Moderate leaders expect intervention, it being a matter of common report among them that armed American forces will flock ashore from the warships assembled here even before the meeting of congress, but this will not occur unless some violent change in the situation makes it necessary.

Palma the Cubans' Only Hope.

Even should congress carry out its announced intention of not accepting President Palma's resignation, Secretary Taft will hold a vacancy exists unless Palma himself consents to remain in office. In the meantime preparations for the landing of marines and bluejackets from the American warships have been fully completed and within a short time after Secretary Taft gives the order all advantageous points, which already have been selected by naval officers, would be occupied by a force of at least 2,500 men. Such an order would not be given until Secretary Taft regards it as absolutely necessary, but it is certain that the present condition will not be allowed to continue for more than one day longer. The nonacceptance of President Palma's resignation and its withdrawal will be Cuba's last card.

All doubts as to the loyalty of the rural guards to the American government in case of intervention have been set at rest by the declaration of officers that they would support a Taft government with enthusiasm.

General Frederick Funston arrived here Thursday. He has gone over all the military plans, approved them and familiarized himself with the military situation as presented by Major Ladd, who has been here for a fortnight.

Among the places visited by General Funston was the rebel camp outside of Havana. Here the American general met Generals Guerra and Del Castillo and other commanders of the insurgents, some of whom he knew during the last revolution.

The atmosphere at the palace is decidedly gloomy. Everybody who emerged from President Palma's private office wore a long face. Members of the cabinet reiterated that Palma had not receded from his determination to resign in spite of the persuasive arguments of his most intimate friends. The president himself has succumbed somewhat to nervous fatigue and everybody regards the wind up of the administration as imminent. President Palma will retire as poor as when he assumed the office, but all his friends concede that he will have the satisfaction of having conscientiously and industriously discharged his duties in face of the almost constant lack of co-operation from congress.

HOPE IN HIGHEST CIRCLES.

That Order Eventually Will Be Restored in Cuba.

Oyster Bay, N. Y., Sept. 28.—That there is still a feeling of hope in the highest circles that order eventually will be restored in Cuba seems apparent. Even in the face of the discouraging reports received by the press of the progress of negotiations between Secretaries Taft and Bacon and the government and insurgent leaders in the island republic preparations for the president's departure for a stay of nearly forty-eight hours with the North Atlantic fleet off Provincetown, Mass., have been carried steadily forward. Everything now seems to be in readiness for the departure of the president. The yacht Mayflower, on which he will make the journey from Oyster Bay to the Massachusetts coast, has arrived here and is swinging her anchor awaiting the hour of departure. It has been suggested that in the event of conditions at Havana assuming what might be considered a really desperate status, the presidential visit to the fleet under Rear Admiral Evans might be abandoned or at least postponed.

It was said at the executive offices, however, that there did not seem to be at this time at least, any chance that a change of plans will be made. As the Mayflower and the ships of Admiral Evans' fleet are equipped with wireless telegraph outfits, the ships will be within easy reach of a New York wireless station.

SUSSMAN IS ARRESTED

ALLEGED WIFE MURDERER CAP-
TURED JUST IN TIME TO PRE-
VENT HIS SUICIDE.

Minneapolis, Sept. 28.—Snatched from a suicide's grave just as his plan of self-destruction was on the point of fulfillment, Henry Sussman now is in the hands of the Minneapolis police, who charge him with having murdered his young wife as she lay asleep in a room in the Glenwood hotel in this city.

Sussman was found at 1:30 o'clock a. m. in a bedroom on the second floor of the Nashville hotel, 422 Hennepin avenue. He was lying on the bed, and five gas jets in the room were turned on to their fullest extent. The man already was in a stupor, and had he remained in the room but a short time longer his attempt at suicide would have been successful.

How long Sussman had been in the room is not known. He had registered at the hotel under the name of Joseph Weller, but no suspicion had been attracted to him, and he had entered the place without being noticed. Immediately upon his being discovered he was removed to the central police station. It was said after he had been examined that he was in no danger of dying from the gas which he had inhaled.

The police believe Sussman killed his wife in revenge for her having him sent to the workhouse some time ago for non-support.

One Killed and Four Injured.

Mount Carmel, Ill., Sept. 28.—While five men in the Big Four shops were placing truck drive wheels on a new engine the truck fell and John Murphy of Statesville, Tenn., was killed; Ora Wicklin of Mount Carmel was fatally injured and the other three were seriously hurt.

EARTHQUAKE SHOCKS

CAUSE CONSTERNATION AMONG
THE INHABITANTS OF SAN
JUAN, PORTO RICO.

VERY LITTLE DAMAGE DONE

BUT THE PEOPLE WERE BADLY
FRIGHTENED AND FLED
FROM THEIR HOMES.

San Juan, P. R., Sept. 28.—The city of San Juan and the island of Porto Rico experienced a series of heavy earthquake shocks Thursday, beginning at 10:47 a. m. The people were thrown into a condition of consternation and indescribable alarm, but the resultant damage was comparatively slight and there has been no loss of life.

The first perceptible tremors brought many people in alarm to the streets. The shocks increased in intensity for twenty seconds and then decreased for five seconds. Following this came the most severe shocks, the earth shaking violently for five seconds more. Then all was quiet. The first vibratory movements were from east to west and were followed by heaving motions such as are experienced on board ship in a heavy sea.

In San Juan people thought of the catastrophe of San Francisco and Valparaiso. They fled from their houses to the streets and crowded the open squares. Panic reigned and hysterical women fainted. Many began praying in the streets, while large numbers rushed to the churches. The schools were stampeded, the children narrowly escaping injury in rushing from the buildings. The government buildings on the principal square in San Juan were quickly emptied, everybody rushing frantically to the open, hunting places of safety. Wares were shaken down from the shelves in stores. The beds in the sleeping apartments of the infantry barracks were thrown about in all directions. The walls of the city hall, the infantry barracks, the postoffice and the women's and children's hospital were cracked in many places but not badly damaged. The old artillery building near the sea, now occupied by the quartermaster's office, was badly damaged.

Reports received here from other points on the island show that the shock was general and that it lasted for thirty seconds everywhere. School houses and churches in Humaco, Guamo and Fajardo were slightly damaged.

ESCAPES FROM ASYLUM.

Bertha Beilstein, Who Killed Her Mother, Gets Away.

Pittsburg, Sept. 28.—It has just been learned that Bertha Beilstein, a wealthy young woman of Allegheny, who has been confined in the insane asylum at Dixmont, Pa., since her conviction for the murder of her aged mother eight years ago, escaped from that institution last Sunday night and her present whereabouts are unknown. It is said she left by the fire escape and was whirled away in an automobile. The authorities at the asylum are at a loss to account for the manner of her disappearance, except that she was assisted by some one connected with the institution. The murder created a sensation on account of the prominence and wealth of the family.

Without provocation the young woman shot her mother to death and then tried to kill herself.

Following the crime two other members of the family committed suicide. Miss Beilstein was tried for murder, but was acquitted on the ground of insanity and since that time had been confined in the Dixmont asylum.

THIRD TERM FOR ROOSEVELT.

Anti-Administration Republicans of Alabama Want Him to Run Again.

Birmingham, Ala., Sept. 28.—Anti-administration Republicans of Alabama in convention here nominated the following ticket:

Governor, Judge A. E. Stratton of Montgomery; lieutenant governor, General James A. Hurst; attorney general, J. B. Aloan; auditor, J. C. Miller; secretary of state, George R. Randolph; treasurer, George Byers; commissioner of agriculture, William Cook; railroad commissioners, S. R. Leonard, Charles P. Lane; chief justice, Shelby S. Pleasants; associated justices, Warren S. Reese, Arthur S. Stiles.

The platform adopted among other things calls upon Roosevelt to stand for a third term and strongly condemns lynch law. It disapproves any tinkering with the tariff.

GOOD NEWS FOR "SIM."

The Wadena Pioneer-Journal hands a bouquet to E. H. Simmons, about six weeks in advance of the time when the announcement of his election will be made, in the following language:

"We note with pleasure in reading the returns from Brainerd that Elmer E. Simmons was elected sheriff of Crow Wing county. Mr. Simmons is a former railroad engineer. He lost part of his hand while shooting a large firecracker at Staples several years ago, and then commenced traveling for a grocery house. He finally became chief of police at Brainerd and has now been elected sheriff. Mr. Simmons has a great many friends in Wadena and all over this part of the state, who will be pleased to hear of his political success."

LOCAL NEWS NOTES.

A. T. Larson went to Pequot today on business.

F. S. Parker went to Parkerville this afternoon.

Mayor O'Brien is putting a new sidewalk along the front and side of his business block at the corner of Broadway and Laurel street. This is a great improvement and the walk should be continued north to the alley.

Olaf Skaug registered pharmacist by examination and after 20 years experience, solicits your drug business, your prescription business, in fact all of that which comes in our line of a first class pharmacist. When in need of medicine go to the Skaug Drug Co., Laurel St. 73t

All kinds of job work neatly executed at this office.

INJURED MAN NAMED ERNEST

Man Hurt in Minnesota & International Wreck Yesterday was from Bemidji.

TWO CARS AND THE CABOOSE

Were Derailed Near Spur 75, Including the Steam Shovel—Is It Hoodooed.

The man who was hurt in the derailling of the train taking the steam shovel north yesterday was from Bemidji and was a Mr. Ernest, said to be a steam shovel engineer. He had an ankle and an arm broken, but there are no complications or internal injuries and a speedy recovery is expected. The wreck is said to have been caused by the spreading of the rails. The caboose, one car and the steam shovel were put in the ditch. It was expected that the steam wrecker from Staples would go up early this morning to pick up the shovel, but it was delayed, it is said, by a wreck west of Staples.

Mr. Ernest, the injured man, was taken to Bemidji on the caboose of the M. & I. local, which was detached from the train for that purpose.

Cloak and Suit Opening

next Monday, Oct. 1st. Measurements taken and garments made to your order. Satisfaction guaranteed at A. E. Moberg's store. 99t2

BRAINERD MALE CHORUS

At Last Night's Session Changed Its Name to "Brainerd Apollo Club."

At last night's session of the Brainerd Male chorus the committee on by-laws, consisting of Hugo A. Kaatz, Floyd Brown and W. J. E. Miller, presented its report, which, after some modifications was adopted. The question of satisfactorily naming the society caused the members as much trouble as any fond mother ever experienced in naming her first baby. J. A. Hoffbauer presented the cold business title, "Brainerd Male Chorus." A. A. Pearce offered the English appellation "Brainerd Gleemen." Bro. Miller suggested "Brainerd Apollo Club." Some one said "Brainerd Choral Club." In the end "Brainerd Apollo Club" triumphed, and the singing society will be known as such.

The entrance fee is placed at \$1, the monthly dues at 50c; no dues collected the first month of membership. Meeting nights are every Tuesday evening, except the fourth Tuesday in the month when the society meets on Thursday evening. Business sessions are held once a month.

The club has a good membership of active, enthusiastic young singers. A dozen good songs are being rehearsed and rapid progress is being made under the leadership of Hugo A. Kaatz. Rev. J. F. McLeod was present at last night's session and sang with the first tenors. The first public appearance of the singers is scheduled for the Knights of Pythias program in October. The club is essentially a home product. The organizers, membership, officers and director are all Brainerd people. There is plenty of enthusiasm all around and what is just as important—there is cash in the treasury.

Don't take any risks but have Dr. Adler's Treatment in the house. No appendicitis in your family then. Johnson's Pharmacy.

Eight Men Killed.

El Paso, Tex., Sept. 27.—Eight men were killed by the collision of two freight trains on the Mexican Central railroad near Callego, Mex. Wednesday afternoon.

I Love You.

A Danish paper compares "I love you" in many languages. Here are some of them—the Danish paper is our only authority for their correctness: The Chinaman says, "Uo ngai ni;" the Armenian, "Ge srem ez bez;" the Arabian, very shortly, "Nehabeek;" the Egyptian, similarly, "Nackkeb;" the Turk, "Sisi sevejerum;" and the Hindoo, "Main tym ko pjar karyn." But overwhelming is the declaration of love of an Eskimo, who tries to win the chosen one by the pleasing sound of the dainty little word: "Univingsaerndtunalerfima jungsarsigujak."

The Checkerboard Town.

Improvements, as St. Paul said of science, is often "falsely so called." If the real estate men would but forget the checkerboard idea in laying out a new town and would take a good landscape gardener into their confidence and the contour of the land into their consideration and plant trees accordingly suburbanites would rise up and call them blessed.—Country Life in America.

An Optimist Hotel Keeper.

Hotel Keeper—What did the stranger say when you gave him the bill? Walter—Such monstrous prices he never saw. We were an abominable gang of thieves. Hotel Keeper—Good. So he didn't become abusive, then?—Fleegende Blatter.

Farm, Home and Garden.

Short, pointed statements of methods and results in Crow Wing county are requested for this column. Address all communications to Farm Editor, Box 1516, Brainerd, Minn.

Some Malvern farmers are wiser by an experience with a traveling soap man. He sold twelve bars of soap for a dollar and each purchaser was to be given some Haviland china, or with a \$3 purchase the buyer was to get an \$18 book case or a sofa. When the peddler had the money he would leave part of the soap, stating that the rest would be shipped next week. Buyers are still waiting for their goods.

Iowa State Register and Farmer:—Enormous losses are occasioned each year by not stacking grain. Occasional rains very frequently follow harvest, and where the wet weather continues long, considerable loss is bound to be the result. Serious loss has occurred this year in northern Iowa from this lack of properly attending to a crop already grown.

A hundred pound water melon was unloaded from a car at Fort Dodge, Iowa, recently. It came from Newkirk, Okla.

J. M. Elder is showing some stalks of alfalfa which go a long way to show that this forage plant will succeed in Crow Wing county. The sample shown was raised on his farm southeast of town and was three years old when gathered. The roots were fully as long as the top of the plant. Mr. Elder believes that the plant will do much better in the sandy soil than on clay as it thrives best where the roots have to go deep to reach water. Mr. Elder has also some samples of other grains and grasses which would do credit to any county in any state in the union.

There are several samples of yellow dent corn raised by J. J. Stearns, near Merrifield that make an Iowa man homesick they look so much like the corn they raise in the corn belt. Solid as old cheese, deepkerneled and well filled out they will not only look well but shell out a good proportion of corn to the bushel of ears. Mr. Stearns should save lots of it for seed as such corn home grown is better than any imported seed can possibly be.

Some of the real estate men are suffering much mental anguish because the new railroad law cuts off the free passes they have been enjoying. One man says: "Land values have stopped, therefore, as the values have depended upon the opportunity of the farmers to sell the land to the settlers that come in." Now that's funny! The writer always supposed that the value of land depended primarily on its ability to produce a crop. If the land men have been creating a fictitious value in land that its earning power will not support, then they have been hurting the country instead of helping develop it and their work would well be stopped. Crow Wing county farmers want all the good farmers in here that can be fairly induced to come, but the man who is sold land for more than it is worth does not help the community. He soon discovers that he as well as the land has been sold and becomes the worst knocker in the neighborhood. Railroads under the old law made rates by which a man from southern Minnesota could go to Texas and return for less than he could come to Crow Wing county and return, a discrimination which certainly was not to the benefit of this section.

There is one reason not often stated why the farm boy as a rule amounts to more than his city brother. The parents know where he is at night. Nine out of ten criminal men and fallen women can trace their downfall to the hours between sundown and sunrise. It is almost never that you hear of a girl or boy getting into trouble who spends his or her evenings at home. There is something in the glamor of moonlight and gas light that puts the sober senses out of commission for the time being and the results are the saddest of the tragedies. A young lady, in writing to a woman's magazine, says she never sends a letter she has written at night. After reading it the next day she invariably sees cause to burn it and write another. Such would be the case with our actions if we could reduce them to black and white and review them the next day.

A Lesson In Health

Healthy kidneys filter the impurities from the blood, and unless they do this good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder disease. It strengthens the whole system. H. P. Dunn & Co. eoddy

The DISPATCH will be delivered at your door for 40 cents per month.

An Elastic Conscience.

"Here, my dear," said the husband, producing a roll of bills—"here is \$40 I won playing poker over at Brown's last night. You may have it to buy that dress you wanted." Reluctantly the conscientious wife took the money, then said, with an expression of rigid rectitude: "I simply shudder at the thought of using money gained in such a way. Henry, promise me that after you have won enough for me to buy the hat to go with the dress you will never again touch those awful cards. I don't want my husband to become a gambler."—Judge.

Cale's Saturday's Fruit Sale.

"There's no ill wind but blows some one some good." A large Fruit dealer got left with a part of a Car load of Fruit on his hands. He was anxious to sell it and offered it to us at a tremendous sacrifice. We bought the lot and here's what we can let our friends and customers have them at:

- Concord Grapes, prime Per basket 20c
- Apples, fine and tart, per peck. 20c
- Duchess pears, very large per peck 50c
- Peaches, Crawford Freestone, per box. \$1.00
- Bananas, Golden Yellow per dozen. 15c

In addition to the above we will have nice Bartlett Pears, fine Red Climax Plums, the Celebrated Italian Blue Plums, Sweet Potatoes, Beets, Celery, etc., etc.

Fruit is good for the children, good for everybody to eat. Come and get what you want for your Sunday dinner at

L. J. CALE'S Dept. Store.

WHITE BROS.

BOYS' there is little use in our wasting Printers Ink. For it is a fact known by all Sportsmen, that ours is by far the largest stock of GUNS AND AMMUNITION North of the Cities, and our ammunition is no experiment, our prices are right and the Old Man is always on deck to rent or sell a Gun.

WAS MARRIED IN PANAMA

Brainerd Girl is Bride at Pretty Home Wedding in Gorgona, Canal Zone

FORMERLY MISS META THOMAS

Notice of Work of Mr. Thomas

As Superintendent of Building Construction

The following clippings from the "Star of Panama" concerning F. B. Thomas and family formerly of Brainerd, will be of interest to their friends here who join in wishing Miss Meta and her husband much joy:

"A very pretty home wedding, in which the Canal Zone lost one of its most beautiful and popular belles, was that which took place at Gorgona on August 31, of Miss Meta Elaine Thomas, daughter of F. B. Thomas, of Brainerd, Minn., now superintendent of Building Construction at Gorgona, to Mr. Robert K. Morris, of Washington, D. C. The ceremony was performed at 3:30 p. m., by the Rev. J. L. Wise, of New Orleans, La.

"The bride was becomingly attired in a pretty white dress of silk mull, elaborately trimmed with valenciennes lace, and her sister, Miss Cecil, also in white, was bridesmaid. Mr. Taylor T. Curran, of Washington, D. C., was best man. Among the guests present, besides the parents of the bride, were the following: Captain and Mrs. Chas. T. Schwieger, of Washington, D. C.; Mr. Mr. and Mrs. Jas. Bowdry, of Los Angeles, Cal.; Mrs. J. L. Wise and sister, Miss M. N. Berry, of New Orleans, La.; and W. L. Williams, of New York City.

"The young couple were the recipients of a number of handsome presents, and will start housekeeping at Gorgona amid the best wishes and regards of their numerous friends."

"Mr. F. B. Thomas will enter on a leave of absence with pay of two months, and has engaged passage for himself, Mrs. Thomas and Miss Cecilia Thomas on the Pacific Mail S. S., "Peru" departing for San Francisco on September 4th, 1906.

"Mr. Thomas may well be considered one of the American pioneers on the Isthmus. He has been continuously on duty here since February 1905, and the town of Gorgona is a lasting evidence of his strenuous labor and devotion to duty, he having repaired the old French buildings there and constructed the entire new portion of the town."

Stop It!

A neglected cough or cold may lead to serious bronchial or lung troubles. Don't take chances when Foley's Honey and Tar affords perfect security from serious effects of a cold. H. P. Dunn & Co. eoddw

TO OPEN RESTAURANT

Jule Jamieson to Open First Class Restaurant in the Stratton House at Once

Jule Jamieson has reopened the Stratton house and will put in a first-class restaurant and lunch counter, serving hot lunches at all hours. Jule is experienced in catering to the public and as he states he will give his personal attention to the restaurant and hotel he will undoubtedly enjoy a good business.

How To Avoid Appendicitis

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels, and restores the natural action of the bowels. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. H. P. Dunn & Co. eoddw

Low Priced Atlas

An up-to-date Atlas of the Northwest and the Orient for \$1.00. The Northern Pacific Railway Company will send an Atlas of the Northwest, very complete in detail, to anyone upon receipt of price named. This is a recent compilation and data, maps, illustrations, etc., are reliable and from best sources.

A. M. Cleland, General Passenger Agent, St. Paul, Minn. 2611f

SIX PERSONS KILLED.

Passenger Train Crashes Through an Open Switch.

Danville, Ill., Sept. 27.—Passenger train No. 8 on the Wabash railroad crashed through an open switch into a freight train near here early Wednesday. Latest reports show six persons dead. Probably thirty-five or forty were injured, most of them slightly. The wreck, according to General Manager Henry Miller of the Wabash road, was "caused by the crew of the freight train leaving the switch open."

The dead are: Engineer Jonas S. Butler, Peru, Ind.; Fireman A. W. Allison, Lafayette, Ind.; Edward Harding, mail clerk, Ivesville, Ill.; C. H. Karnes, mail clerk, address unknown; George Godaman, stock raiser, Springfield, Ill.; Arthur Shoemaker, eight months old.

RAILROAD NEWS

Items of Interest Regarding Railroads and Railroad Employees

"Soo Survey."

Fergus Falls, Minn., Sept. 27.—A railway survey directly across the northern tier of townships of Otter Tail county is arousing no little interest at the present time, as it is believed to be a line which the Soo road will build from Fargo to Duluth.

The survey is nearly direct between the two cities, but makes a southerly sweep to take in unoccupied territory. The surveyors came in from Sebeka, and have already run their line directly across the towns of Gorman, Butler and Corliss, reaching the Northern Pacific at Luce station. They are doing some expensive work, cutting out a path four feet wide thru heavy timber and elsewhere.

The line will strike the Winnipeg extension of the Soo at Vergas, the village that has had three names, and if it goes no further will give the Soo an outlet to Duluth from that line.

The general supposition is that it is heading for Moorhead and Fargo, as it is aiming almost directly for those cities.

The line passes thru a stretch of territory at present unoccupied by railways. It crosses the Park Rapids branch of the Great Northern at Sebeka and the Northern Pacific main line at Luce.

Great Northern Fined.

La Crosse, Wis., Sept. 27.—In the case of the United States against the Great Northern Railway company, Judge Sanborn today directed a verdict against the railway.

The action was brought a year ago by the interstate commerce commission, and charged the railroad company with violating the law by using two cars which were without proper automatic couplers, and one without a grab iron, the cars being run between Minneapolis and Duluth.

The court instructed the jury to find for the government and the company was fined \$200 and costs.

Swamped With Business.

Minneapolis Journal: Freight traffic on the Northern Pacific is heaviest for the period in the history of the road, especially on the west end. It is hard to keep the tracks clear. About forty trains a day are moving east and west of the Cascades on single track.

A great deal of the traffic is lumber from the coast to the east. The wheat movement is increasing and merchandise traffic is heavy. In July the gross earnings of the company were the third largest of any railroad in the country. Its gross earnings for last July aggregated \$5,750,922, as compared with \$4,568,896 for July, 1905, an increase of \$1,185,126. The Pennsylvania led with an increase of \$2,404,900, while the Canadian Pacific was second with an increase of \$1,338,793.

Pimples call for immediate treatment. There's nothing more offensive and dreaded than a pretty face covered with eruptions. The body must be kept perfectly healthy with Hollister's Rocky Mountain Tea. Tea or tablets, 35 cents. H. P. Dunn & Co.

\$13.00 To Buffalo And Return

from Chicago, on October 10th, 11th, 12th and 13th, via Nickel Plate Road. Return limit from Buffalo, October 19th, or October 29th by extension of ticket. Three through daily trains. Vestibuled Pullman sleepers and club meals from 35c. to \$1.00 in Nickel Plate dining cars; also a la carte. No excess fare charged on any train on Nickel Plate Road. Write John Y. Calahan, General Agent, Chicago, No. 107 Adams St., Chicago, for further particulars and reservation of berths.

ARE YOU WRETCHED IN BAD WEATHER?

Keeping the Kidneys Well Has Kept Many Brainerd People Well

Many Brainerd people find that bad weather brings on a dull pain in the back, or rheumatic aching, neuralgia, nervousness, irritability and weakness. If, when you get wet or take cold, it "settles on the kidneys," and there is a shivery, chilly sensation in the back, it shows kidney weakness, which is often the beginning of disease. Doan's Kidney Pills should be used persistently until the chilly feeling is gone, and the flow of urine is natural. Doan's Kidney Pills have saved Brainerd people much suffering.

Mrs. J. A. Johnson, living at 611 10th St. S., Brainerd, Minn., says: "My husband's work brings a constant severe strain on the muscles of the back and it recently caused an attack of kidney trouble that became worse whenever he took cold. He suffered from backache and was so lame and sore that it was hard to straighten up or even to move about. There was also an irregular action of the kidneys. Seeing Doan's Kidney Pills advertised he got a box at H. P. Dunn & Co.'s drug store, and the treatment proved most beneficial, corrected the kidney trouble and removed the pain and lameness. I also used Doan's Kidney Pills myself, with the gratifying results. They certainly act quickly and surely."

For sale by all druggists. Price 50 cents. Foster Millburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name—Doan's—and take no other.

ADOLPH WEBER EXECUTED.

California Man Who Murdered His Parents Is Hanged.

Sacramento, Cal., Sept. 28.—Adolph Weber, who murdered his parents, setting fire to the house afterwards, was hanged here at noon Thursday.

Weber went to the scaffold with a firm step and to the very last maintained the nerve that has characterized him as one of the most remarkable criminals of the century. He was pronounced dead fourteen minutes after his body shot through the trap.

NATURAL GAS EXPLOSION.

Kills Two Workmen and Injures Five Others.

Cherryvale, Kan., Sept. 28.—An explosion of natural gas here Thursday afternoon demolished the Edgar zinc smelter, killing two workmen and injuring five others, three of whom will die. The dead are:

Robert Smith and — Hostetter. George McKeen, Luther Hampton and Joe Izard were fatally hurt.

KILLS CATARRHAL GERMS.

Hyomei's Healing Air Reaches Every Part of Nose, Throat and Lungs.

Hyomei is the only scientific and thorough way to cure catarrh. Stomach dosing does not reach the catarrhal germs in the air passages and cannot possibly drive them from the system. By breathing air medicated with Hyomei the germs in the nose, throat and lungs are killed and all traces of catarrhal poison are effectually driven out.

Some people may think that Hyomei is simply for catarrh of the head and throat, but it is equally effective in catarrh of the stomach, liver or kidneys. The catarrhal germs are in the mucous membrane and Hyomei not only kills the germs in the air passages, but enters the blood with the oxygen, thus killing the germs in the blood and freeing the whole system from catarrh.

Hyomei is sold by H. P. Dunn & Co. under an absolute guarantee to refund the money unless it cures. A complete outfit costs but \$1.00, extra bottles 50c. A guarantee like this is stronger proof of merit than any claim that can be made in an advertisement. H. P. Dunn & Co. would not give their personal guarantee in this manner unless they had perfect confidence in the value of Hyomei.

BEFORE A LUNACY COMMISSION.

Harry K. Thaw Will Be Examined as to His Sanity.

New York, Sept. 28.—It is learned that Harry K. Thaw is to be examined before a lunacy commission. This step has been decided on by Thaw's lawyers after much persuasion by Mrs. William Thaw. She plans to avoid having him placed on trial for the slaying of Stanford White, preferring to have him sent to the Mattewan asylum for the criminal insane.

An application for the appointment of the lunacy commission will be made. It is understood, before Justice Blanchard next week in the supreme court, criminal branch. The application will be based upon the affidavits of several of Thaw's lawyers and of alienists who have made a thorough physical and mental examination of the prisoner.

No opposition will be offered by the district attorney's office.

RESULT OF WABASH WRECK.

At Least Ten Persons Met Death at Catlin Station, Ill.

Danville, Ill., Sept. 28.—The known dead as a result of the wreck of Wabash train No. 8 at Catlin station Wednesday now number ten. Mrs. J. H. Waldman of Guelph, Ont., died Thursday from burns received in the wreck. Three charred skeletons were found under the wreck late Thursday afternoon. Of these one is thought to be that of Peter Paxton of Fort Wayne, Ind., who was with George Goodman in a stock car. The latter's body had been recovered, but nothing had been heard of Paxton. The other two skeletons are thought to be those of tramps who were stealing a ride on the passenger train.

Contractor a Suicide.

Chicago, Sept. 28.—Jean de Nenours, a prominent contractor, committed suicide at his house here Thursday by taking poison. He was to have had a hearing Thursday to answer to the charge of having threatened to kill H. W. Pruitt, with whom he is said to have quarrelled over financial matters.

Accused of Perjury.

Kalamazoo, Mich., Sept. 28.—William Walsh and Emil Carr of Cobbs and Clark Wetherby of Three Rivers were arrested in this city Thursday on charges of perjury in connection with the sale of lands, which they have in Michigan. They will be taken to North Dakota.

STORM IN THE SOUTH.

HURRICANE SWEEPS OVER THE STATES BORDERING ON THE GULF OF MEXICO.

SEVERAL CITIES ISOLATED

FEARED THAT LOSS OF LIFE AND DAMAGE TO PROPERTY WILL BE VERY HEAVY.

New Orleans, Sept. 28.—All efforts to penetrate even the edge of the flood caused by the hurricane on the Gulf of Mexico coast to the east and south of here has been fruitless up to a period almost twenty-four hours after the receipt of the last message from the exposed towns. Apprehension was increased by the fact that these places beginning at Lake Catherine, the scene of the flooding of the Louisville and Nashville tracks and the farthest point east reached thus far, are much more exposed to wind and water than the larger gulf cities, which have harbors.

From Lake Catherine eastward these towns are Bay St. Louis, Pass Christian, Mississippi City, Biloxi Ocean Springs, Pascagoula and Scranton. These places face the Mississippi sound, across which the wind has a long sweep. Some of them extend up to the very brink of the sound, which is in places not more than six to ten feet above the normal sea level.

Representatives of newspapers who Wednesday afternoon left for various points along the shore of Mississippi sound in anticipation of the storm have not been heard from. Although their papers have tried to reach them by roundabout telegrams northward into the middle of Mississippi and thence to the coast, not an intimation of the situation has so far been received. Not only is all rail and telegraph and telephonic communication cut off with the Mississippi sound towns but there is no immediate prospect of news by boat. No craft of any sort had come up the Mississippi river after dark.

Wireless Station Abandoned.

The wireless station at the mouth of the river was abandoned early in the storm, the last report being that there was about eight feet of water over the floor of the operators' room.

Despite the anxiety here, there is a general belief that few, if any, lives have been lost. This hopefulness was due to the fact that the coast inhabitants had two days' warning of the approaching storm. All reports from these places Wednesday night were to the effect that water was rising and the inhabitants preparing for emergencies.

The full extent of the isolation of New Orleans from other gulf centers was apparent in a lull in business, especially in wholesale circles.

By long distance telephone New Orleans could reach only Baton Rouge and Houston, Tex., while the available telegraph wires ran to Galveston, Houston and to Memphis. Railroad service north and west was interrupted.

No news has been received from the steamer Camella, which at the beginning of the hurricane had crossed Lake Pontchartrain and was about to land forty passengers at Milneburg, but was forced to run back.

Officials of the Louisville and Nashville railroad said there was little likelihood of any trains arriving or leaving New Orleans. They said the northwest wind was washing the sea over the tracks at Lake Catherine for a distance of two miles, and that it is impossible to do any work of reconstruction until the wind abates.

Quiet Far Out in the Gulf.

Although the wireless telegraph station here managed to speak with steamers 300 miles out in the Gulf of Mexico and as far east as Key West, no answer was returned to calls for the wireless station at Pensacola. The steamers far out in the gulf reported a calm sea.

New reports of the havoc the hurricane is creating in its progress northward through Mississippi were received here late Thursday night. At Vicksburg the steamer Modac was blown from its fastenings in the Mississippi river and stranded on a dry dock was reported to have broken from its moorings. Part of a frame house was blown down, but no injuries were reported. At McComb, Miss., two lives were lost from the blowing down of a frame hotel.

The first New Orleans and Northwestern train came into the city from the north Thursday night and reported scores of cabins down between Hattiesburg, Miss., and Pearl River, and about 10 per cent of the timber along the road blown down.

A track walker was killed by the train during the storm.

Southwestern Alabama, Mississippi and Louisiana are cut off from communication, by wire or rail, with the outside world. No word has come from Mobile—where it is feared there has been great loss of property, if not of life—for thirty-six hours.

The latest reports from Pensacola, received early in the evening, record a property loss in that city alone of \$3,000,000 and rumors of the loss of many lives.

TOOK UP COAL LANDS.

And Then Relinquished Them to a Coal Company.

Denver, Sept. 28.—Judge C. A. Prouty, representing the interstate commerce commission, has resumed in this city the investigation of railroads in connection with coal conditions which was begun at Omaha last week and was continued this week at Salt Lake City. The Union Pacific was the railroad under investigation when the session opened here. The testimony of a number of witnesses showed that the Union Pacific Coal company secured a large number of men to sign declaratory coal statements taking up coal land in Wyoming and at the same time to sign relinquishments for this land. The pay for this service was \$3 or \$4 in each instance.

Among the witnesses examined was Cyrus Beard, justice of the supreme court of Wyoming. On the recommendation of George L. Black, one of the officials of the Union Pacific, and with money advanced by Black, Judge Beard testified that he purchased certain coal lands in Wyoming. Later he sold the land to D. O. Clark at an advance of \$200 on the recommendation of Black. Justice Beard denied that he knew that Clark was acting for the Union Pacific company.

WORST STORM FOR A CENTURY.

Damage at Pensacola Amounts to Three Million Dollars.

Pensacola, Fla., Sept. 28.—The worst sea storm and hurricane that the gulf has experienced since the village of Pensacola on San Fosa island was swept away 107 years ago, began Wednesday night and is still raging. It is reported that many lives between the city and navyyard have been lost.

The estimated property damage is \$3,000,000. Every house in Pensacola has suffered damage and many roofs are blown off.

New Philippine Commissioner.

Washington, Sept. 28.—President Roosevelt has appointed W. Morgan Shuster as a member of the Philippine commission to fill one of the vacancies caused by the resignation of Governor General Wright and Governor General Ide. The other vacancy recently was filled by the appointment of Judge Charles E. Magoon.

Acquitted of Murder Charge.

Barron, Wis., Sept. 28.—In the circuit court Thursday after two days' trial, Elva Aney was acquitted of the charge of murdering Elbert Hewitt at Chetek, June 13. Evidence showed the defendant attempted to escape from the deceased, but was forced to shoot to prevent her assault.

TELEGRAPHIC BRIEVITIES.

Ah Fong, the well known Chinese capitalist, formerly of Hawaii, died in China on Tuesday, Sept. 25.

The sixteenth session of the Wisconsin conference of the Methodist Episcopal church began at Janesville Thursday with Bishop McCabe presiding.

The French fishing vessel Navarre, owned in St. Malo, founded thirty miles off Cape Race, N. F., Wednesday night. The crew of thirty-three was saved.

BASEBALL SCORES.

INDICTED BY GRAND JURY.

Five Men Accused of Having Dies for Making Venezuelan Money.

New York, Sept. 28.—The attempt of a revolutionary body to overthrow President Castro of Venezuela is said to be the direct cause of the indicting of five men by the federal grand jury on the charge of having dies in their possession for the making of Venezuelan silver dollars. The indicted men are Captain George R. Boynton and Louis M. Thompson, the alleged agents of the revolutionary movement; Theodore Wilcox, Sidney P. Keller and Joseph F. Keller.

The Kellers, who are engaged in the die making business in this city, as well as Thompson and Wilcox, pleaded not guilty when arraigned. Boynton could not be located.

Captain Boynton and Thompson were arraigned before Commissioner Ridgeway Tuesday on the same complaint, but were discharged on the ground that the crime, if any, was not committed or intended to be committed in the United States but on an island in the mouth of the Orinoco river, which is in South American territory. Chief Flynn of the United States secret service was not satisfied with the discharge of the men and brought the case before the grand jury. All save Wilcox were held in \$20,000 bail. The Wilcox bonds were fixed at \$1,600.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surface of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

PLEASES MR. BRYAN.

Nomination of Hearst for Governor by New York Democrats.

Oklahoma City, Okla., Sept. 28.—William J. Bryan addressed a large meeting here.

In speaking of the nomination of William Randolph Hearst for governor by the Democrats of New York, Mr. Bryan said:

"I am much gratified at the nomination of Mr. Hearst, because I feel that he will make not only a strong race for the election but also a good governor after his election."

Cured Hay Fever and Summer Cold.

A. J. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar in the yellow package, and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success. H. P. Dunn & Co. coddw

Two Men Seriously Wounded.

Reinbeck, Ia., Sept. 28.—William Hoeg and H. Platt were seriously wounded in a saloon raid at Berlin, a small town in Tama county, south of here. Rev. L. A. Pine of Toledo and other ministers of the county are making a crusade against the liquor dealers, and Rev. Pine, accompanied by Rev. Underwood, went to Berlin to close H. Gramm's place. A crowd collected as the ministers insisted that Gramm close the saloon. Some one fired a shotgun, and Rev. Pine, becoming frightened, pulled a revolver and it is alleged, began shooting.

For developing the figure, cleanliness is the first law in medicine. If you want a fine figure and good health, use Hollister's Rocky Mountain Tea. Tea or tablets, 35 cents. H. P. Dunn & Co.
